

METPACKER

beyond technology

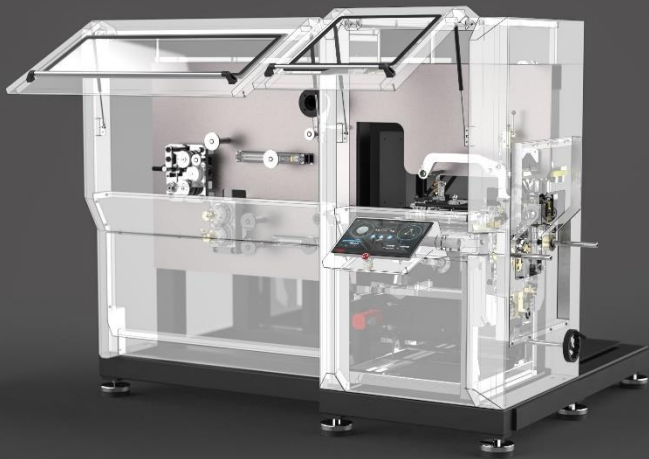

Can Body Welder

metpacker.com

Key features

- Powerful industrial PC
- 15" touch screen, easy to operate
- Industry 4.0 compatible
- Closed circuit cooling system
- Mercury free welding rollers
- Adjustable static frequency converter
- Quick tool change

Upon request

- Automatic body blank transfer
- Oxide free weld seam
- External water cooling unit
- Side seam protection system

Model	MP-BW106	MP-BW118	MP-BW110
Production Capacity	Up to 120 cpm	Up to 100 cpm	Up to 60 cpm
Diameter range	65 – 120 mm	99-180 mm	99 – 300 mm
Height range	50 – 320 mm	50 – 320 mm	50 – 550 mm
Welding speed	10 – 30 m/min	10 – 30 m/min	10 – 30 m/min
Wire diameter	1.38 -1.50 mm	1.38 -1.50 mm	1.50 mm
Welding overlap	0.50 mm	0.60 mm	0.60 – 0.80 mm
Feeder	Upper feed / Non-stop	Lifting table	Lifting table
Total Power	32 kW	32 kW	32 kW
